The company **Aquasanita** is one of the most well-known producers of granite sinks on the market. More than 80% of its products are exported to over 30 countries around the world. Aquasanita sinks meet the most demanding requirements for processing and quality of workmanship. Currently, Aquasanita is giving its sinks a new name **HELIKA**. With the idea of **living life at a slower pace** in harmony with nature. Therefore Helika, translated as snail. Helika products are designed to support a slower lifestyle and create a warm, caring atmosphere in kitchens.

The granite sink **Aquasanita Helika Lira 780.0E** is an ideal choice for customers who prefer a large main bowl. The composite sink **Lira** is a very popular sink that fits perfectly into kitchens of any style. You can easily choose a chrome or granite kitchen faucet for the sink.

The washing area is really generously designed and comfortable for washing bulky pots and large baking trays. The storage surface is smaller, but still provides enough space for placing dishes. The sink already has holes for installing a kitchen faucet and eccentric controls.

The Lira 780.0E sink equipment includes **eccentric control**. The automatic drainage closure is a system that allows you to close and open the water drain using a button. A significant advantage of this solution is the fact that one movement is enough for immediate unlocking of water without having to immerse your hands.

The advantage of a granite sink is its **color variability** and the possibility to match it with the rest of the kitchen, easy maintenance, and attractive design. The main advantages include excellent resistance to impact, scratches, and high temperatures.

The sinks by Aquasanita are made of a very high-quality granite material **SILISCANA**, it is a third generation granite known for its strength and durability.

Key features of the AQUASANITA HELIKA LIRA 780.0E kitchen sink

- granite sink with a drainer and eccentric control
- The 780.0E Lira has an extended 5-year warranty.
- The advantage is the color variability and the possibility to match it with the rest of the kitchen.
- it is a popular choice among customers for smaller kitchen spaces
- sufficiently deep 20 cm sink basin
- The sink is intended for top mounting.
- suitable for a cabinet of 60 cm
- made of high-quality materials

Note: Colors may slightly differ in reality compared to the photographs, as granite contains natural fillers and pigments.

Final tip : descale using a one-to-three solution of vinegar. Apply the solution to the surface of the sink, leave for a few minutes and remove with a sponge. A more fragrant way is to rub limescale with a cut lemon.
