Společnost **Aquasanita** je jednou z nejznámějších výrobců granitových dřezů na trhu. Více než 80% svých produktů vyváží do více než 30 zemí světa. Dřezy Aquasanita splňují nejnáročnější požadavky na zpracování a kvalitu provedení. V současné době dává Aquasanita svým dřezům nový název **HELIKA**. S myšlenkou **žít život v pomalejším tempu** v souladu s přírodou. Proto Helika, v překladu hlemýžď. Produkty společnosti Helika jsou navrženy tak, aby podporovaly zpomalený životní styl a vytvořily vřelou, pečující atmosféru v kuchyních.

Granitový dřez **Aquasanita Helika Nova 460E**, je dřez bez odkapové plochy. Díky tomuto dřezu ušetříte místo na pracovní lince. Dřez doporučujeme zejména do menších kuchyní, kde se setří místem nebo, kde se k mytí nádobí upřednostňuje myčka na nádobí. Rovněž mycí vanička je menší.

One of the components of the Nova 460E sink equipment is the **eccentric control**. The automatic drainage closure is a system that allows you to close and open the water drainage using a button. An important advantage of this solution is the fact that one movement is enough for instant unlocking of water without having to immerse your hands.

The Aquasanita Nova 460E sink is made of high-quality granite (80% natural crushed stone), guaranteeing excellent mechanical resistance and color fastness even after years. The main advantages of granite sinks include a wide range of colors, so you can match the sink with the rest of your kitchen. The sink is colorfast and has both mechanical and chemical resistance. Easy maintenance.

Aquasanita sinks are made of very high-quality artificial bile material **SILISCANA**, which is a third-generation granite that is known for its strength and durability.

### **Klíčové vlastnosti kuchyňského dřezu AQUASANITA HELIKA NOVA 460E**

- granite sink without a drainboard, with eccentric control
- Nova 460E has an extended warranty of 5 years.
- The advantage is the color variability and the possibility to match it with the rest of the kitchen.
- it is a popular choice among customers for smaller kitchen spaces
- sufficiently deep 20 cm sink basin
- The sink is intended for top mounting.
- suitable for a cabinet of 45 cm
- made of high-quality materials

**Note:** Colors may slightly differ in reality compared to the photographs, as granite contains natural fillers and pigments.

*Final tip : descale using a one-to-three solution of vinegar. Apply the solution to the surface of the sink, leave for a few minutes and remove with a sponge. A more fragrant way is to rub limescale with a cut lemon.*

### **Parts of the packaging:**

- Sifon
- Excentric control
- Assembly brackets
- Release.
- Robbery

# Parameters

## Basic parameters

Sink type:	Single sink
Sink shape:	Rectangular
Orientation:	Double-sided orientation
Sink material:	Granite
Width of the kitchen cabinet:	45 cm
Sink mounting type:	Upper
Sink style:	Classic sinks
Drain the sink.:	9 cm
Product TARIC code:	68029390

## Others

Eccentric control of the drain:	Yes
Pre-drilled hole for:	Battery + additional opening
Possibility to drill another hole:	Yes
Warranty:	5 years

## Dimensions of the main tray (cm)
