The company **Aquasanita** is one of the most well-known producers of granite sinks on the market. More than 80% of its products are exported to over 30 countries around the world. Aquasanita sinks meet the most demanding requirements for processing and quality of workmanship. Currently, Aquasanita is giving its sinks a new name **HELIKA**. With the idea of **living life at a slower pace** in harmony with nature. Therefore Helika, translated as snail. Helika products are designed to support a slower lifestyle and create a warm, caring atmosphere in kitchens.

The granite single sink **Aquasanita Helika Quadro 565** is among the popular single-bowl sinks with an elegant design. It belongs to the category of the best-selling models of granite sinks thanks to its attractive appearance and ideal dimensions. Simple design that fits into most common kitchens.

The biggest advantage is a sufficiently large and deep (20 cm) basin, which provides enough space for washing large dishes such as baking trays or bulky pots. There is already a hole in the top strip of the sink for installing a kitchen faucet. There is also space for drilling an additional hole, for example for a built-in soap dispenser or for a button to control the kitchen waste disposal.

The advantage of a granite sink is its **color variability** and the possibility to match it with the rest of the

kitchen, easy maintenance, and attractive design. The main advantages include excellent resistance to impact, scratches, and high temperatures.

The sinks by Aquasanita are made of a very high-quality granite material **SILISCANA**, it is a third generation granite known for its strength and durability.
