The company **Aquasanita** is one of the most well-known producers of granite sinks on the market. More than 80% of its products are exported to over 30 countries around the world. Aquasanita sinks meet the most demanding requirements for processing and quality of workmanship. Currently, Aquasanita is giving its sinks a new name **HELIKA**. With the idea of **living life at a slower pace** in harmony with nature. Therefore Helika, translated as snail. Helika products are designed to support a slower lifestyle and create a warm, caring atmosphere in kitchens.

The **Aquasanita Helika Tesa 580.1E** kitchen sink has excellent utility properties. The advantage of this model is also its design, which is maximally practical. Thanks to its appearance, the sink fits perfectly not only in modern, but also in minimalist kitchens.

The sink has a main chamber (with a depth of 20 cm) and a smaller basin (with a depth of 12 cm). The main basin of the sink is mainly used for rinsing and washing bulky dishes. The smaller basin of the sink can be used, for example, for rinsing fruits and vegetables or for thawing meat.

The Tesa 580.1E sink's equipment includes **eccentric control**. Automatic drainage closure is a system

that allows you to close and open the water drain using a button. An important advantage of this solution is the fact that one movement is enough for immediate unlocking of the water without having to immerse your hands.

The advantage of a granite sink is its **color variability** and the possibility to match it with the rest of the kitchen, easy maintenance, and attractive design. The main advantages include excellent resistance to impact, scratches, and high temperatures.

The sinks by Aquasanita are made of a very high-quality granite material **SILISCANA**, it is a third generation granite known for its strength and durability.

Key features of the AQUASANITA HELIKA TESA 780.0E kitchen sink

- granite sink with eccentric control and a second smaller basin
- Tesa 580.1E comes with an extended warranty of 5 years.
- The advantage is the color variability and the possibility to match it with the rest of the kitchen.
- it is a popular choice among customers for smaller kitchen spaces
- sufficiently deep 20 cm sink basin
- The sink is intended for top mounting.
- suitable for a cabinet of 60 cm
- made of high-quality materials

Note: Colors may slightly differ in reality compared to the photographs, as granite contains natural fillers and pigments.

Final tip : descale using a one-to-three solution of vinegar. Apply the solution to the surface of the sink, leave for a few minutes and remove with a sponge. A more fragrant way is to rub limescale with a cut lemon.
