217,10 € bez DPH

The company **Aquasanita** is one of the most well-known producers of granite sinks on the market. More than 80% of its products are exported to over 30 countries around the world. Aquasanita sinks meet the most demanding requirements for processing and quality of workmanship. Currently, Aquasanita is giving its sinks a new name **HELIKA**. With the idea of **living life at a slower pace** in harmony with nature. Therefore Helika, translated as snail. Helika products are designed to support a slower lifestyle and create a warm, caring atmosphere in kitchens.

Quality kitchen sink **Aquasanita Helika Tesa 860.0E** - spacious rectangular granite/granite sink with a draining board and overflow. The optimal depth (20 cm) of the bowl prevents water from splashing out onto the surface of the kitchen counter. The draining part of the sink has a smooth surface, so water will nicely drain back into the sink. The sink is easy to keep clean. The basin of the sink is very spacious, providing enough space for large pots and pans.

One of the components of the Tesa 860.0E sink is also an **eccentric control**. The automatic drain closure is a system that allows you to close and open the water drain using a button. An important advantage of this solution is the fact that one movement is enough for immediate unlocking of the water, without having to immerse your hands.

The advantage of a black granite sink is the possibility to match it with the rest of the kitchen, easy maintenance, and attractive design. The main benefits include excellent resistance to impact, scratching, and high temperatures.

The sinks by Aquasanita are made of a very high-quality granite material **SILISCANA**, it is a third generation granite known for its strength and durability.

Key features of the AQUASANITA HELIKA TESA 860.0E kitchen sink

- granite sink with a drainer and eccentric control

- Tesa 860.0E comes with an extended warranty of 5 years.
- The advantage is the color variability and the possibility to match it with the rest of the kitchen.
- it is a popular choice among customers for smaller kitchen spaces
- sufficiently deep 20 cm sink basin
- The sink is intended for top mounting.
- suitable for a cabinet of 60 cm
- made of high-quality materials

Note: Colors may slightly differ in reality compared to the photographs, as granite contains natural fillers and pigments.

Final tip : descale using a one-to-three solution of vinegar. Apply the solution to the surface of the sink, leave for a few minutes and remove with a sponge. A more fragrant way is to rub limescale with a cut lemon.
