160,30 € bez DPH

Precise ceramic single-chamber sink **Deante Sabor 450** from a very well-known manufacturer of kitchen sinks, Deante. Deante has been on the market for over 30 years, providing a guarantee of quality. Deante brand products are called ProEco, which means they use natural materials such as ceramics for production. The company is also environmentally friendly, using Eco packaging.

With its elegant appearance, the Sabor 450 sink is an excellent choice for kitchens in the classical, Provencal, or rustic style, where light colors and wood dominate. The smooth white surface of the ceramics perfectly harmonizes with the glossy surface of stone slabs.

The ceramic sink Sabor 450 has a sufficiently deep basin (19 cm) for comfortable washing of large dishes such as pots and baking sheets. The sink is designed for **top mounting**. This means that the sink is mounted from above into a pre-prepared hole in the worktop.

The main **advantages of ceramics** include high impact resistance, scratch resistance, high temperature resistance, hygienic safety, color stability. Impurities or dyes do not adhere to the surface. Ceramic sinks are exceptionally low-maintenance. If you are looking for a white sink, choose ceramics.

Key features of the DEANTE SABOR 450 kitchen sink

- White ceramic sink.
- Deante Sabor 450 has a 2-year warranty.
- optimal choice of sink for a provencal or rustic kitchen
- practical depth of the basin (19 cm)
- ceramics is a material made from natural resources
- Eco packaging environmentally friendly
- The sink is intended for top mounting.
