The stand is designed for Donner gel and liquid disinfectant dispensers. However, after drilling new holes, it can also serve as a universal stand for any disinfectant dispenser.

Thanks to the drip tray, the floor under the dispenser is always dry and clean. The clean and elegant appearance of the stand is ideal for representative spaces. Thanks to its sufficiently heavy base and metallic design, the dispenser stand is very stable and durable. Available in black and white color options.

Parameters

Basic parameters

Model:	Donner TRAY with a drip tray.
Product TARIC code:	Donner dispenser stand
Warranty period:	2 years

Technical parameters

Method of attachment / installation:	Freestanding
Housing material - case:	Black / White
