55,20 € bez DPH

The original kitchen faucet **Eisl Diziani** embodies the individuality of the customer. The production of the faucet emphasizes high-quality processing and practicality.

The **Eisl Diziani** sink faucet in a trendy color design, combining glossy chrome with white, will become the focal point of the kitchen. If you are looking for a purely white kitchen faucet, for example, for a ceramic white sink, then the **Eisl Diziani** white is truly WHITE without any dots.

The kitchen faucet is also very practical, it has a 360° swivel spout, making it an ideal choice for double sinks. In the central position of the lever, it offers a cold start function, meaning only cold water flows. The faucet is equipped with a high-quality ceramic seal.

Thanks to the attached manual, battery installation is simple - as the manufacturer claims, it becomes child's play. The battery package includes two connecting hoses (connections for cold and hot water) and it is also suitable for flow heaters.

We offer this battery in a variety of colors:

- white / shiny chrome

Key features of the Eisl Diziani kitchen faucet

- trendy color combination
- practical kitchen faucet with a 360° swivel spout, ideal for double sinks
- sustainability thanks to the cold start function
- high-quality processing, ceramic cartridge
