EAN: 8596220012753

132,12 €

110,10 € bez DPH

The brand **Granisil** represents a mark of high quality and luxurious design. Granisil sinks contain over 80% granite and quartz. Thanks to the presence of natural stone, it is a very durable material. Granisil is completely safe for contact with food.

The kitchen sink **Granisil Fabero 605.2** is a spacious model, designed for demanding users. The slightly rounded edges of the sink make it easy to clean and maintain. The smooth surface beautifully blends in with any kitchen decor. It is pleasant to the touch. It satisfies not only in appearance, but also with its practicality and thoughtful details.

The Fabero 605.2 sink offers **two washing chambers**: the second, shallower chamber not only facilitates water drainage but is also ideal for washing fruit and vegetables or defrosting meat or drying cutlery. In the smaller chamber, you will find an overflow that prevents any potential water overflow. It is possible to create openings **in the Fabero 605.2 sink** for installing a kitchen faucet, a recessed soap dispenser, or a button for controlling the kitchen waste disposal unit.

The components of the sink package include a so-called **space-saving siphon**, which saves space in the cabinet under the sink. Thanks to the additional space, it is easier to place a separate waste bin under the sink. The attached siphon also has the option of being connected to a dishwasher or washing machine.

Granisil brand sinks are manufactured using the innovative **NANO Granite technology**, which makes the products resistant to high temperatures, impacts, thermal shocks, scratches, and stains. The high-quality materials, durability, and natural lifespan of granite guarantee the long life of the sinks - a 10-year warranty applies to Granisil sinks. Granisil sinks are made of the highest quality mixture of granite aggregates (80%) and resin (20%).

Key features of the GRANISIL FABERO 605.2 kitchen sink

- granite kitchen sink in black
- the sink offers two washing chambers: smaller and larger
- Fabero 605.2 has an extended 10-year warranty.
- new highly sought-after and practical model of sink
- sufficiently deep main larger basin 19 cm
- The sink is intended for top mounting.
