EAN: 8596220012760

136,08 €

113,40 € bez DPH

The brand **Granisil** represents a mark of high quality and luxurious design. Granisil sinks contain over 80% granite and quartz. Thanks to the presence of natural stone, it is a very durable material. Granisil is completely safe for contact with food.

The granite **sink Granisil Fabero 795.15** is intended for more demanding customers who do not want to give up a small tub and at the same time wish for a storage surface. The modern simple design of the sink is perfectly suitable for both traditional kitchen, rustic, and modern interior.

The Fabero 795.15 sink will meet all your expectations. The sufficiently deep (19 cm) main compartment of the sink allows for comfortable washing and rinsing of plates and pots. The **second smaller compartment** is used for special tasks, where you can easily rinse fruit and vegetables or thaw meat. At the same time, the sink has a storage surface where you can let individual dishes dry. Holes can be drilled in the sink for installing a kitchen faucet or a soap dispenser, or for a button to control the kitchen waste grinder.

The package of the sink includes a so-called **space-saving siphon**, which saves space in the cabinet under the sink. Thanks to the additional space, it is easier to place a bin for segregated waste under the sink. The included siphon also has the option of connecting to a dishwasher or washing machine. In addition, the sink has an overflow, which protects it from potential overflow.

Granisil sinks are made using Nano Granit technology, thanks to which they are resistant to high temperatures, impacts, thermal shocks, scratches, and stains. The high quality of materials, durability, and natural durability of granite ensure a long lifespan for the sinks - Granisil sinks come with a 10-year warranty. Granisil sinks are made from the highest quality mixture of granite aggregate (80%) and resin (20%).

Key features of the kitchen sink GRANISIL FABERO 795.15

- granite kitchen sink in black color with a drainboard and a second smaller basin
- Fabero 795.15 comes with an extended 10-year warranty.
- new highly sought-after model of a sink
- intended for demanding customers
- sufficiently deep tub 19 cm
- The sink is intended for top mounting.
