The kitchen faucet **Amur AM719.0/12B** perfectly captures originality and practicality. The faucet is produced by the Czech company Slezák - Rav CZ, s.r.o., which emphasizes honesty and tradition. They have been active on the market since 2001. The products of the Slezák Rav CZ, s.r.o. brand are covered by an extended warranty.

The Arched kitchen faucet Amur features a so-called **flexible spout** and a swiveling arm **with a shower** function (stream / shower). This makes it easy to fill a pot with water or rinse the sink from leftover dirt. Thanks to the combination of a swiveling spout and a flexible head, the faucet is an ideal choice for double sinks or sinks with a basin.

The Amur sink tap is equipped with a branded **ceramic cartridge** with a diameter of 35 mm (KA3502). The tap lever is in a white color. The package includes a mounting kit and an attached manual that will facilitate the entire installation. The tap package has two connecting hoses (connections for hot and cold water).
