The granite double sink of the brand **Reginox Amsterdam 860.2** has two bowls of the same size.

It has a simple but functional design, making it much easier to wash large dishes than with traditional models. One basin can be used for dishwashing and the other can be used to stack washed dishes, drain potatoes, pasta, rinse vegetables, etc. Two equally sized compartments are ideal for meal preparation. Recommended especially for larger kitchens.

It is possible to drill holes in the sink for mounting a faucet, soap dispenser or buttons for controlling the kitchen waste disposer.

The advantage and benefit of **Reginox** brand products is not only their high-quality material and design, but also the smooth surface of the sinks, and therefore their easier subsequent maintenance.

Less dirt settles on smooth surface. **Reginox** sinks are resistant to impacts, scratches, and other mechanical damage.

## Parts of the packaging:

- Sifon
- Release.

# Parameters
