EAN: 8712465037652

36,65 €

29,80 € bez DPH

The company **Reginox** has recently added a **universal corner plastic strainer** to its product range. This tub is in anthracite (black) color, does not contain BPA, and is designed for all square and rectangular sinks that have a depth greater than 12 cm. The strainer combines style with quality.

The corner tub can be used for washing foods such as fruits and vegetables. Alternatively, it can serve as a draining rack for small dishes. Or it can be used for placing kitchen utensils like a brush or sponge.

Thanks to the **perforated bottom**, quick drainage of water is ensured, which helps prevent the accumulation of dirt and increases hygiene. The corner tub has a silicone support for better grip. This universal corner strainer can be washed in the dishwasher
