The kitchen faucet **Amur AM719.0/10C** perfectly captures originality and practicality. The faucet is manufactured by the Czech company Slezák - Rav CZ, s.r.o., which emphasizes honesty and tradition. They have been operating in the market since 2001. The products of the Slezák Rav CZ, s.r.o. brand come with an extended warranty.

The Amur arch kitchen faucet features a so-called **flexible nozzle**. This makes it easy to fill, for example, a pot with water or rinse the sink from leftover dirt. Thanks to the combination of a swivel spout and a flexible head, the faucet is an ideal choice for double sinks or sinks with a basin.

The Amur sink faucet is equipped with a branded **ceramic cartridge** with a diameter of 35 mm (KA3502). The faucet's flexible spout is in black color. The packaging includes a mounting kit and an accompanying manual that will facilitate the entire installation. The faucet packaging contains two connecting hoses (connections for cold and hot water).

Key features of the RAV Slezák kitchen faucet Amur AM719.0/10C
