EAN: 4051202319809

549,72 €

458,10 € bez DPH

The European premium brand **Villeroy & Boch** dates back to 1748. With its products, it is present in over 125 countries worldwide. Villeroy & Boch is an innovative company with a long tradition - it is one of the most important brands in Germany, Europe, and the world. As a ceramics manufacturer, it has evolved into an international lifestyle brand.

Subway 440 sink belongs to the homonymous collection of sinks by the luxury brand Villeroy & Boch. The sink will look great not only in a modern kitchen, but also in kitchens in the so-called Provence or Hugge style. With its simple appearance, it fits into any environment. The sink gives a luxurious and minimalist impression.

The sink has a main large chamber where you can comfortably wash the dishes. This sink model is not only **elegant**, but also **practical**. Mounting the sink under the countertop brings several advantages. During regular kitchen activities, you will appreciate easy cleaning from the surface of the kitchen counter. You can simply sweep the crumbs into the sink.

Villeroy & Boch Subway 440 is a sink designed for **undermount installation**. This installation is recommended for natural stone, marble, composite material, or glass countertops. The edge of the sink is sealed with a sealing material, and the sink is attached from underneath with special mounting brackets. We do not recommend installing the undermount sink into wooden or laminate countertops, as frequent contact with water could damage the edges of the countertop.

The surface of the Villeroy & Boch Subway 440 sink is treated with the **CeramicPlus** system. This means that the sealed non-porous ceramic surface prevents dirt, cooking waste, and unsightly limescale from sticking to your kitchen sink. The time spent in the kitchen will thus become a real pleasure.

Key features of the VILLEROY & BOCH SUBWAY 440 kitchen sink (Subway 50 SU Undercounter

332501)

- white ceramics, one sink, without a drainboard
- Subway 440 has an extended warranty of 5 years.
- ideal sink for smaller kitchens
- it will fit perfectly into the so-called style of rustic kitchens
- Original and luxurious design
- intended for installation under the worktop
- High-quality ceramic sink made from 100% natural materials.
- craftsmanship supported by 270 years of ceramic experience
- Thanks to CeramicPlus, it is easily maintained in cleanliness.

A ceramic sink is fired in kilns and the glaze is applied by hand, making each piece unique. It is necessary to take into account a tolerance of +/- 1-1.5 cm in dimensions. We recommend having the sink physically available for the realization of the kitchen counter.
