The prestigious brand **Villeroy & Boch** introduces its timeless collection of sinks, Timeline 1000.0, which embodies functionality, exceptional quality, and luxurious design. The name Villeroy & Boch stands for high-quality ceramics, including ceramic sinks.

Kitchen sink Timeline 1000.0 embodies smooth and gentle shapes for a seamless design. The ceramic sink is distinguished by its noble and modern appearance. At the same time, it is characterized by maximum functionality.

The Ceramic Sink Timeline 1000.0 is an ideal choice for demanding customers who enjoy cooking and appreciate comfort in the kitchen. The **exceptionally large main chamber** allows for convenient washing and rinsing of bulky plates and pots. An opening for installing a kitchen faucet can be drilled into the side panel of the Timeline 1000.0 sink. By placing the faucet in this position, comfortable and optimal manipulation is provided. The sink also offers a very spacious drainage area, which is slightly inclined, allowing water to easily and quickly flow back into the sink.

Each of us spends a lot of time in the kitchen, so world designers Villeroy & Boch know that a ceramic sink **must meet special requirements**. The Timeline 1000.0 ceramic sink is sturdy, resistant to impacts and scratches, cracks, and cuts. Villeroy & Boch sinks are treated with the Ceramic Plus system - maximum hygiene for your kitchen. An innovation for surface treatment that allows liquids to easily drain off and prevents dirt from settling. The advantage of a ceramic sink is its **easy maintenance** and color stability. Even long-term exposure to sunlight or even aggressive materials will not change the color or surface of the sink.

Key features of the Villeroy & Boch TIMELINE 1000.0 kitchen sink (Timeline 60 built-in sink 679001)

- white ceramic sink with drainer
- Timeline 1000.0 has an extended warranty of 5 years.

- ideal choice not only for modern interiors, but also for rustic kitchen styles
- sufficiently deep basin of the sink 20.2 cm
- The sink is intended for top mounting.
- Original and luxurious design
- high-quality ceramic sink made from 100% natural materials
- traditional craftsmanship, supported by 270 years of ceramic experience
- thanks to Ceramic Plus, the sink is easy to maintain cleanliness

A ceramic sink is fired in kilns and the glaze is applied by hand, making each piece unique. It is necessary to take into account a tolerance of +/- 1-1.5 cm in dimensions. We recommend having the sink physically available for the realization of the kitchen counter.
